Meeting point in **Monopoli** in Piazza Garibaldi with your professional guide to stroll around the cosy streets of the old town, very renowned for the Roman Architecture style. The name of the city derives from the Greek "*monos polis*" which means unique and singular. From the seventh century first with the Lombards and then with the Byzantines Monopoli becomes a flourishing commercial port located on the Trajan way connecting Benevento to Brindisi and soon it becomes a precious and desirable city to be conquered. It hides above cliff walls in its dense labyrinth of houses, churches, monasteries and crypts spread around the port and the beautiful baroque cathedral, guarded by the stunning seafront Castle of Charles V.
