

LAND & TASTING EXPERIENCE

WINETASTING & APERIVIGNA_ Putignano

talea
COLLECTION

TCE075

The Vineyard experience in the entire lifecycle of the vine cultivation is the most significant moment. The harvest pays off the winemaker of all his efforts and hard work of the year, so all winemakers are so willing to communicate all the passion and love they have for this work to tourists. In the countryside of Putignano, few kilometres from Talea Collection Hotels and Villas, following the ripening of each single grape variety, clients can experience an energetic journey to be undertaken slowly which helps them discover the intense and refined aromas of Puglia wines. During this **winetour** you will taste a **primitivo red wine**, whose wine-making is based on an innovative technique named “**vendanges entières**” which strengthens and enhances the wine refinement, makes the body slim and the bouquet particularly flavored. Your tour begins in the Fermentation Room, where the different production phases will be explained. You will be taken for a visit of the historical part of the Winery, founded in 1800, then the tour will take you deep down as the cellars were entirely carved out of the white Apulian stone of which the Itria Valley is rich. You will visit Le Bottaie with its large barrels from the 18th Century where the refinement phase takes place. The tour of 2 hours will end with a tasting of 4 labels along with a selection of Apulian delicacies (Fried fava beans and toasted local almonds, Taralli, Bari-style focaccia bread, Mozzarella, Ricotta and Scamorza cheese, Friselline with cherry tomatoes and Aiello Extra Virgin Olive Oil, Capocollo of Martina Franca and Salame). A first course and a main course at extra costs can be served. During Summertime, on Fridays, at sunset, when the bustle of the day starts to calm down, the wine maker “Giovanni” provides even a unique experience: l’**Aperivigna**, a stroll among vineyards of the “Canale di Pirro” accompanied by an aperitif with local and typical products and a tasting of 4 wines. **Shared experienced to be confirmed according to weather conditions and at the reaching of the minimum of participants.** Max 40 people. Cancellation by 48 hours: 100% penalty. **Estimated total time for the activity: Wine Tasting 1-2 hours, APERIVIGNA 2 h and ½. Wine-Tasting from Feb to Dec - upon availability: Monday till Sunday at 10:30 am - 12:30 am - 2:30 pm - 4:30pm. Aperivigna available: 01 July- 01 Sept - Fridays 6.45 pm**
