

SEA & BOAT EXPERIENCE MICE

SUP PROMENADE - POLIGNANO A MARE

TCM204

A race of Stand-up Paddles proposed with methodologies adapted to the corporate culture could be an exciting **team building activity** to propose during your business meeting. If you are looking for a water activity for your corporate event but the attendees are not so well trained to go for wind or kite-surfing, **stand-up paddle boarding/SUP** will be the perfect solution to experience Puglia by the sea. A super popular water sport where you stand on a board and move using a paddle in the water. Encourage your delegates to be daring and compete in a match race. Starting from **Cala Paura in Polignano a Mare**, SUP is perfect to enter the grottoes along the cliff and to enjoy the crystal-clear waters of the protected area. As probably they will be a first-timers, we start with a lesson of an experienced instructor before undertaking a Sup promenade of the caves of 2 hours. The exercise tries to focus on leadership, problem solving, communication and collaboration as there are plenty of questions waiting to be solved in the floaties, moreover if teams of 3 or 4 Sups compete against each other. The activity can be settled for groups from 7 to 50 persons (maximum 250 Sup available). To bring out the best in your team available 03 MEGA SUP each for 7 persons + 1 instructor for a maximum of 21 persons. Your promenade can end at Sunset with an Italian Aperitivo before coming back at the hotel.

Estimated total time for the activity: 3 hours / Every day from June to September according to sea and wind conditions
