COLLECTION

TCM210

If you are looking for a very unusual gastronomical experience, we offer a perfect team building activity for your incentive travel. Did you ever figure to transform your delegates in some really Apulian housewives with aprons and chef's hats? At **Masseria Melograno** our professional chefs will be more than pleased to welcome your groups and help them master traditional recipes while teams are challenging each-other in the creation of the perfect **orecchietta** or of the traditional Apulian sweet **tarallini**. Split in teams, after following the directions of the assigned chef who will explain the main steps to prepare the orecchiette and the taralli, they have to finish the recipes in a specific lapse time. This experience is up for incentive group from a minimum of 15 to a maximum of 25 attendees and it includes a tasting of 2 local wines selected by our sommelier. Two recipes of pasta will be proposed. This activity can be integrated with an Olive oil Tasting of apprx 1 h and a Casaro live station with mozzarella tasting.

Total Time estimated for the activity: 2 hours
