## MARTINA FRANCA & ALBEROBELLO

TCM211

Meeting with your guide and departure at 09.30 for **MARTINA FRANCA** to start the sightseeing of this Messapian village of the X Century which is situated on a high lying slope of the TRULLI Murgia and of its old centre dominated by Baroque buildings such as the Collegiate of San Martino, the church of S. Domenico, S.Vito dei Greci and the ducal Palace. Time at disposal for eventual shopping in the trendy streets of the centre. Next stop **ALBEROBELLO** the capital of the *trulli* country to visit Monti e Aia Piccola. Indeed, the quarters Monti e Aia Piccola are entirely composed by *trulli* lining the uphill lines and decreed as Unesco site. Time at disposal for shopping and lunch. We recommend a cosy local Trattoria in an old *trulli* house consisting of four beautifully restored cones, with an organic garden or we can plan a wine tasting at one of the numerous cellars dotted in the countryside. We recommend to wear comfortable shoes because of paved roads. This activity is scheduled to last 6 hours and it can be programmed for groups with a minimum of 15 pax to a maximum of 90 pax with crossing itineraries. ENG/FRE/GER/SPA/ITA languages spoken, on request RUSSIAN and CHINESE.
