

# LAND & ACTIVITY EXPERIENCE MICE

## PADEL COMPETITION

TCM 212

talea  
COLLECTION

If you are looking up for a fun sport event that combines teamwork and the adrenaline of the competition, Padel tennis is the perfect solution: very easy to learn and quick to enjoy, with no age restriction. Padel is a modern sport that shares characteristics with other racket sports, such as tennis, squash, badminton, it is played in doubles and one of the world's fastest growing sports. It is an easy sport to dominate even if you have no special expertise with sport activities. Nestled in the enchanted 5 hectares of Masseria Melograno our padel court is the perfect spot for your delegates to enjoy a day in nature. The group will be divided into different sub-teams (2 pax) and we will organise a professional competition until we have a winner. The activity is for a maximum of 24 participants per a day challenge of a 6 hours tournament. Our competition generally includes: use of the padel court, an Instructor to follow the activity and all the necessary equipment. Sparkling wine for the winners. We can combine this padel tennis tournament with a lunch or dinner, entertainment, BBQ show cooking or a relaxing spa activity too.

**Estimated Total time for the activity: 1 hour per set; 6 hours per day tournament maximum**
