COLLECTION

Your corporate event will not be complete if you don't spend a great Gala dinner with your colleagues in real special place. A Gala Dinner at Saleblu of La Peschiera is a breath-taking experience to offer your clients. This Pied-dans l'eau terrace with 70 seats is a charming and exclusive place your guests probably would not have the opportunity to discover if they were on a trip by themselves. An ineffably discreet design, where Saleblu is seemingly encased in glass for uninterrupted sea views, and the wood dining terrace is shaded with a sweep of white canvas sails. Contemplate the calm blue scene, and prepare to dine. The lounge bar overlooking La Peschiera's private beach, is somewhere to sip chilled champagne and toast your surroundings, or an iced oyster martini as an avant-garde choice to compliment crudo, Apulian sushi. Give a luxury touch to your corporate event in Puglia with an evening that none of the participants will ever forget. In order not to disturb the magic atmosphere of the sounds of the sea no Music except soft one is allowed until midnight maximum. Parties and special celebrations can be planned only occasionally with the total buy-out of the 13 rooms of La Peschiera.
